Docket No. 98N-1265

Food and Drug Administration MAR 24 1999 09:50

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: To say that I 'oppose' the draft M.O.U. is NOT strong enough! The Madison Pharmacy in Wisconsin has saved my life. When I discovered them I was at the point of suicide. My compounded prescription has enabled me to live a completely normal life with no side effects like I had experienced from regular hormone replacement therapy that I had been trying for years and years. I want to decide what's best for my medical treatment, not the FDA nor Merck nor Pfizer.
